HOW HE COMPARES WITH OTHER CENTRAL MIDFIELDERS IN THE LEAGUE (PERCENTILE, 0–100)

■ Top quarter (75+) ■ Middle (40–74) ■ Below 40 Dashed line: league median (50)

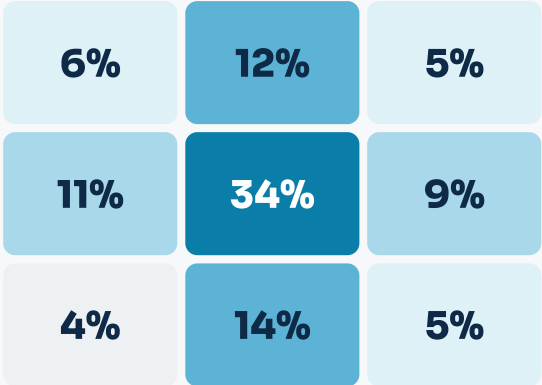

Percentile: 91 means better than 91% of central midfielders who played at least 900 minutes. Per-90 figures adjust for playing time.

Strengths. Breaks lines with forward passes, finds runners between the lines, and recovers the ball quickly after losing it.

To develop. Wins few aerial duels (38%) and rarely shoots. Adding one or two shots a game from the edge of the box would make him harder to mark.

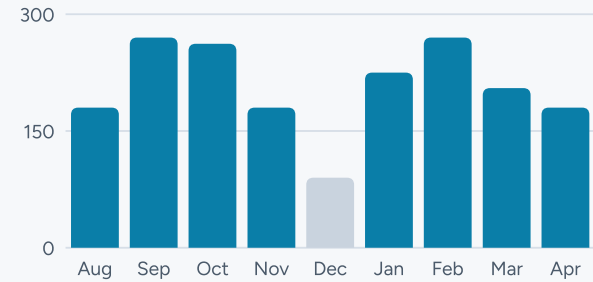

Most of his touches come in central midfield
